DT 60 EVO

TECHNICAL SPECIFICATIONS

ELECTRICAL CHARACTERISTICS
- Electrical supply: 400V/3Ph/50Hz
- Max. power consumption: 28 kW
- Power at full load: 50 A
- Protection class: IP 54
- Type of electrical connection: 63 A CEE

WATER CIRCUIT
- Water connections: 2" Bauer
- Internal Pump: 2.5 bar
- Internal Buffer Tank: 140 L

COOLING CIRCUIT
- Cooling capacity: 63 kW
  - at 7/12°C - 25°C ambient temperature
- Refrigerant: R32
- Automatic leak detection built-in: Yes

DIMENSIONS AND WEIGHT
- Length: 2000 mm
- Width: 1150 mm
- Height: 1903 mm
- Forklift Distance: 800 mm
- Empty weight: 820 kg

OTHERS
- Remote monitoring option: Yes
- Sound pressure in 10m: 50 dB(A)

ACCESSORIES
- 2" water hose
- 2" Bauer-connections
- Electrical cable 63A
- External Pump
- Heat exchange unit
- Buffertank

EQUIPMENT
- 2" Bauer connections
- Safety frame
- Electric connector 63A
- Leak detection system
- Remote monitoring
- R32 refrigerant

CHARACTERISTICS
- Mobile usability
- Plug-and-play system
- Low-noise
- Maintenance & leak tests
- 24/7 service
- Capacity 0-1500 kW
